INTRODUCTION.

The City has annually since 1821 issued a volume containing, until 1829, a register of the City Council and a list of the officers. In 1829 the City Charter, in 1830 the Acts relating to Boston and the ordinances, and in 1832 an index, were added. The volume for 1822 contains fifteen pages, and for 1840 eighty-five pages, and three pages of index. The volumes up to and including 1840 bear the title of The Rules and Orders of the Common Council and since that year the title of THE MUNICIPAL REGISTER. THE MUNICIPAL REGISTER for 1841 contains the Rules and Orders of the Common Council, joint rules, ordinances of the City, statutes of the Commonwealth relating to the City, a list of the public schools, the City Government of 1841, the committees and departments (consisting at that time of the treasury, law, police, health, public land and buildings, lamps and bridges, fire, and public charitable institutions), and a list of the ward officers; from 1842 to 1864 it also contains a list of the members of preceding City Governments, a necrological record of those members, the latest ordinances and the special statutes relating to the City; in 1851 a list of the annual orators was added, and in 1853 a map of the City and the Rules of the Board of Aldermen were inserted; in 1876 statistics of registration and voting were included, and, since 1879, in tabulated form; in 1883 portraits of the Mayor and presiding officers of the two branches of the City Council were included, and in 1888 a list of the members of the past City Governments of Roxbury and Charlestown was added and continued to 1890. From 1889 to 1896, inclusive, THE MUNICIPAL REGISTER contained a compilation of the Charter and Acts subsequently passed, in the place of which an index of said Charter and Acts was substituted in 1897. The Amended Charter of 1909 is added this year while the alphabetical list of Aldermen and Councilmen since 1822 is omitted.

By the direction of the Committee on Rules THE MUNICIPAL REGISTER of 1910 has been compiled by the Statistics Department. Text and tables have been revised, and several new tables, with additional text, have been incorporated.

ORIGIN AND GROWTH OF BOSTON.

The Royal Patent incorporating the Governor and Company of Massachusetts Bay in New England passed the seals March *4, 1628–29. At a General Court, or Meeting of the Company, on August *29 of that year it was voted "that the Government and patent should be settled in New England." To that end Governor Winthrop led the Puritan Exodus in 1630. Soon after his arrival at Salem on June *12, 1630, he proceeded with a large following to Charlestown, where a plantation had been established the summer before. The Assistants held three Courts at Charlestown in the interval, August *23 to September *28, inclusive. At their meeting on September *7, they "ordered that Trimountaine shalbe called Boston; Mattapan, Dorchester; and the towne upon Charles River, Waterton." Thus Shawmut of the Indians was named Boston, probably out of gratitude to the Merchants of Boston in Lincolnshire, who had subscribed generously to the stock of the Company.

In the course of the summer, Governor Winthrop with the patent chose Boston as his abiding place. The first "Court" held in Boston was a "General Court" on October *19, "for establishing of the government." On October *3, 1632, Boston was formally declared to be "the fittest place for publique meetings of any place in the Bay."

Boston was the first town in Massachusetts to become a city. It was incorporated February 23, 1822, by St. 1821, c. 110, adopted March 4, 1822. This act was revised by St. 1854, c. 448, commonly called the City Charter, adopted November 13, 1854.

The neck of land called Boston, still called Boston Proper, contained perhaps 700 acres of land, judging from the 783 acres shown by the official survey of 1794. In the interval 1630–37, Boston acquired jurisdiction over most of the territory now included in Chelsea, Winthrop, Revere, East Boston, Brookline, Quincy, Braintree, Randolph and Holbrook, besides certain

islands in the harbor. From 1637 till May 13, 1640, when "Mount Woollaston" was set off as Braintree, Boston exercised jurisdiction over a territory of at least 40,000 acres. Within its present limits there are only 27,318 acres, including flats and water.

Since 1640, grants of land have been made to Boston by the General Court as follows: (1) October *16, 1660, 1,000 acres "for the use of a free schoole, layd out in the wildernesse or North of the Merimake River" (in Haverhill), in 1664. (2) June *27, 1735, in abatement of Province Tax, three townships, each six miles square, or 69,120 acres in all. These townships later became the Towns of Charlemont, Colrain, and Pittsfield. Boston sold its interest in them June *30, 1736, for £3,660. (3) June 26, 1794, a township of land in Maine (23,040 acres) "to build a public hospital." This tract was sold by the City April 6, 1833, for $4,200.

Muddy River was set off as the Town of Brookline on November *13, 1705, and Rumney Marsh was set off as the Town of Chelsea January *8, 1739.

The principal annexations of territory included within the present limits of the City of Boston have been made as follows:

(1) Noddle's Island, by order of Court of Assistants, March *9, 1636–37. (2) South Boston set off from Dorchester March 6, 1804, by St. 1803, c. 111. (3) Washington Village set off from Dorchester May 21, 1855, by St. 1855, c. 468. (4) Roxbury January 6, 1868, by St. 1867, c. 359, accepted September 9, 1867. Roxbury received its name by order of the Court of Assistants October *8, 1630. It was incorporated a City March 12, 1846, by St. 1846, c. 95, accepted March 25, 1846. (5) Dorchester January 3, 1870, by St. 1869, c. 348, accepted June 22, 1869. It received its name September *7, 1630, by order of the Court of Assistants. (6) Brighton January 5, 1874, by St. 1873, c. 303, accepted October 7, 1873. Set off from Cambridge as the Town of Brighton February 24, 1807, by St. 1806, c. 65. (7) Charlestown January 5, 1874, by St. 1873, c. 286, accepted October 7, 1873. Settled July *4, 1629. It was incorporated a City February 22, 1847, by St. 1847, c. 29, accepted March 10, 1847. (8) West Roxbury January 5, 1874, by St. 1873, c. 314, accepted October 7, 1873. It was set off from Roxbury and incorporated a Town May 24, 1851, by St. 1851, c. 250.

THE CITY SEAL

As it appeared prior to 1827.

The City Seal was adopted by "An Ordinance to Establish the City Seal," passed January 2, 1823, which provides "That the design hereto annexed, as sketched by John R. Penniman, giving a view of the City, be the device of the City Seal; that the motto be as follows, to wit: 'Sicut patribus sit Deus nobis'; and that the inscription be as follows: — 'Bostonia condita, A.D. 1630. Civitatis regimine donata, A.D. 1822.'" The motto is taken from 1 Kings, viii., 57.

The seal as it then appeared is shown above.

The seal as it was afterwards changed, and has ever since continued to be used, first appeared on page 221 of the volume of laws and ordinances, commonly known as the "First Revision," published in 1827, and is continued as the City Seal at the present time by Revised Ordinances of 1898, Chapter 1, Section 5, which provides that "The seal of the City shall be circular in form; shall bear a view of the City; the motto 'Sicut Patribus Sit Deus Nobis,' and the inscription, 'Bostonia Condita, A.D. 1630. Civitatis Regimine Donata, A.D. 1822,' as herewith set forth."

The seal as changed in 1827, and as it has ever since appeared, is shown opposite the title page.

RULES OF THE CITY COUNCIL.

President.

Rule 1. The president of the council shall take the chair at the hour to which the council shall have adjourned, and shall call the members to order, and, a quorum being present, shall cause the minutes of the preceding regular meeting to be read. In the absence of the president, the senior member by age present shall preside until a presiding officer is chosen.

Rule 2. The president shall preserve decorum and order, may speak to points of order in preference to other members, and shall decide all questions of order, subject to an appeal. Any member may appeal from the decision of the chair, and no other business, except a motion to adjourn, shall be in order until the question on appeal has been decided. The question shall be put as follows:

"*Shall the decision of the chair stand as the judgment of the council?*" The vote shall be by a roll call, and it shall be decided in the affirmative unless a majority of the votes are to the contrary.

Rule 3. The president shall propound all motions in the order in which they are moved, unless the subsequent motion shall be previous in its nature, except that, in naming sums and fixing times, the largest sum and the longest time shall be put first; *provided*, that this rule shall not be construed to mean that the original motion shall be put previous to amendments and substitutions.

Rule 4. The president shall, at the request of any member, make a division of a question when the sense will admit.

Rule 5. The president shall, without debate, decide all questions relating to priority of business to be acted upon.

Rule 6. The president shall declare all votes; but if any member doubts a vote, the president shall cause a rising vote to be taken, and, when any member so requests, shall cause the vote to be taken or verified by yeas and nays.

Rule 7. The president shall appoint all committees, fill all vacancies therein, and designate the rank of the members thereof.

Rule 8. When the president of the council or the president *pro tempore* shall desire to vacate the chair he may call any member to it; but such substitution shall not continue beyond an adjournment.

Motions.

Rule 9. Every motion shall be reduced to writing if the president shall so direct.

Rule 10. A motion to strike out and insert shall be deemed indivisible; but a motion to strike out being lost shall not preclude amendment, or a motion to strike out and insert.

RULE 11. No motion or proposition of a subject different from that under consideration shall be admitted under color of amendment.

RULE 12. When an order or resolution relates to a subject which may properly be examined and reported upon by an existing committee of the city council, such order or resolution shall, upon presentation, be referred to such committee. When a motion is made to refer any subject, and different committees are proposed, the motion shall be put in the following order:

1. To a standing committee of the council.
2. To a special committee of the council.

RULE 13. After a motion has been put by the president it shall not be withdrawn except by unanimous consent.

RULE 14. When a question is under debate the following motions only shall be entertained, and in the order in which they stand arranged:

1. To adjourn.
2. To lay on the table.
3. To postpone to a day certain.
4. To commit.
5. To amend.
6. To postpone indefinitely.

RULE 15. A motion to adjourn shall be in order at any time, except on an immediate repetition, or pending a verification of a vote; and that motion, the motion to lay on the table, and the motion to take from the table, shall be decided without debate.

READINGS.

RULE 16. Every ordinance, order and resolution shall, unless rejected, have two several readings, both of which may take place at the same session, unless objection is made. Whenever the second reading immediately follows the first reading the document may be read by its title only; *provided*, that all orders for the sale of land other than school lands, all appropriations for the purchase of land other than for school purposes, and all loans voted by the city council shall require a vote of two-thirds of all the members of the city council, and shall be passed only after two separate readings and by two separate votes, the second of said readings and votes to be had not less than fourteen days after the first.

RECONSIDERATION.

RULE 17. When a vote has been passed, any member may move a reconsideration thereof at the same meeting; or he may give notice to the clerk, within twenty-four hours of the adjournment, of his intention to move a reconsideration at the next regular meeting; in which case the clerk shall retain possession of the papers until the next regular meeting; and when a motion for reconsideration is decided that vote shall not be reconsidered.

Conduct of Members.

Rule 18. Every member when about to speak shall rise, address the chair, and wait until he is recognized, and in speaking shall confine himself to the question and avoid personalities. Any member who, in debate or otherwise, indulges in personalities or makes charges reflecting upon the character of another member shall make an apology in open session at the meeting when the offence is committed or at the next succeeding regular meeting, and, failing to do so, shall be named by the president or held in contempt and suspended from further participation in debate until said apology is made.

Rule 19. No member speaking shall, without his consent, be interrupted by another, except upon a point of order.

Rule 20. No member shall be permitted to vote on any question, or serve on any committee, where his private right is immediately concerned, distinct from the public interest.

Rule 21. Every member who shall be present when a question is put, where he is not excluded by interest, shall give his vote, unless the council for special reason shall excuse him. Application to be so excused on any question must be made before the council is divided, or before the calling of the yeas and nays; and such application shall be accompanied by a brief statement of the reasons, and shall be decided without debate.

Standing Committees.

Rule 22. The following standing committees of the council, to consist of three members each, except where otherwise herein provided, and all other committees, unless otherwise provided for, or specially directed by the council, shall be appointed by the chair:

2. A committee on *Inspection of Prisons*, to consist of all the members of the council.
3. A committee on *Appropriations*, to consist of all the members of the council, to whom shall be referred such appropriation orders as may be submitted to the council from time to time.

They shall report annually a list of the claims awarded or approved by them, and the amount of money awarded or paid in settlement thereof.
6. A committee on *Ordinances*, to consist of five councillors, to whom shall be referred all ordinances introduced in the council, or transmitted to them by vote of any standing committee. Unless specially instructed,

they shall pass upon the question of the form and legality of the ordinances so referred; they may append an order that such ordinance "ought not to pass" and give their reasons therefor, or report such ordinance in a new draft. Such report shall be made in not over two weeks from the meeting at which the reference was ordered, or the ordinance received from a committee.

7. A committee on *Legislative Matters*, to consist of five councillors, who shall, unless otherwise ordered, appear before the committees of the General Court and represent the interests of the city; *provided*, said committee shall not appear unless authorized by vote of the city council, and shall not, unless directed so to do by the city council, oppose any legislation petitioned for by the preceding city council.

8. A committee on *Printing*, to consist of three councillors, who shall have the charge of all printing, advertising, or publishing ordered by the city council, as one of its contingent or incidental expenses, and the supply of all stationery or binding for the same purpose. The committee shall fix the number of copies to be printed of any document printed as above, the minimum, however, to be six hundred; and they shall have the right to make rules and regulations for the care, custody, and distribution of all documents, books, pamphlets, and maps by the city messenger.

AMENDED CITY CHARTER OF 1909.

The Mayor and City Council.

Section 1. The terms of office of the mayor and the members of both branches of the present city council of the city of Boston and of the street commissioner whose term would expire on the first Monday of January, nineteen hundred and ten, are hereby extended to ten o'clock A.M. on the first Monday of February, nineteen hundred and ten, and at that time the said city council and both branches thereof and the positions of city messenger, clerk of the common council, clerk of committees, assistant clerk of committees, and their subordinates shall be abolished. The officials whose terms of office are hereby extended shall, for the extended term, receive a compensation equal to one-twelfth of the annual salaries now paid to them respectively. The mayor and city council elected in accordance with the provisions of this act, and their successors, shall thereafter have all the powers and privileges conferred, and be subject to all the duties and obligations imposed by law upon the city council or the board of aldermen, acting as such or as county commissioners or in any capacity, except as herein otherwise provided. Wherever in this act the phrase "mayor and city council" appears, it shall be understood as meaning the mayor and city council acting on and after the first Monday of February, nineteen hundred and ten, under the provisions of this and the three following sections. The city council may, subject to the approval of the mayor, from time to time establish such offices, other than that of city clerk, as it may deem necessary for the conduct of its affairs and at such salaries as it may determine, and abolish such offices or alter such salaries; and without such approval may fill the offices thus established and remove the incumbents at pleasure.

Sect. 2. The mayor from time to time may make to the city council in the form of an ordinance or loan order filed with the city clerk such recommendations other than for school purposes as he may deem to be for the welfare of the city. The city council shall consider each ordinance or loan order presented by the mayor and shall either adopt or reject the same within sixty days after the date when it is filed as aforesaid. If the said ordinance or loan order is not rejected within said sixty days it shall be in force as if adopted by the city council unless previously withdrawn by the mayor. Nothing herein shall prevent the mayor from again

Note.— The Amended City Charter is contained in Chap. 486, Acts of 1909, consisting of sixty-three sections. We have omitted §§ 35 to 44 inclusive, as these concern the alternative amendments which became inoperative on the adoption of Plan 2 by the voters at the State election, November 2, 1909.

presenting an ordinance or loan order which has been rejected or withdrawn. The city council may originate an ordinance or loan order and may reduce or reject any item in any loan and, subject to the approval of the mayor, may amend an ordinance. All sales of land other than school lands, all appropriations for the purchase of land other than for school purposes, and all loans voted by the city council shall require a vote of two thirds of all the members of the city council; and shall be passed only after two separate readings and by two separate votes, the second of said readings and votes to be had not less than fourteen days after the first. No amendment increasing the amount of land to be sold or the amount to be paid for the purchase of land, or the amount of loans, or altering the disposition of purchase money or of the proceeds of loans shall be made at the time of the second reading and vote.

SECT. 3. All appropriations, other than for school purposes, to be met from taxes, revenue, or any source other than loans shall originate with the mayor, who within thirty days after the beginning of the fiscal year shall submit to the city council the annual budget of the current expenses of the city and county, and may submit thereafter supplementary budgets until such time as the tax rate for the year shall have been fixed. The city council may reduce or reject any item, but without the approval of the mayor shall not increase any item in, nor the total of a budget, nor add any item thereto, nor shall it originate a budget. It shall be the duty of the city and county officials, when requested by the mayor, to submit forthwith in such detail as he may require estimates for the next fiscal year of the expenditures of the department or office under their charge, which estimates shall be transmitted to the city council.

The city auditor may, with the approval in each instance of the mayor, at any time make transfers from the appropriation for current expenses of one division of a department to the appropriation for current expenses of any other division of the same department, and from the reserve fund to any appropriation for the current expenses of a department; and may also, with the approval of the mayor, at any time between December first and February first, make transfers from any appropriation to any other appropriation: *provided, however*, that no money raised by loan shall be transferred to any appropriation from income or taxes. He may also with such approval apply any of the income and taxes not disposed of in closing the accounts for the financial year in such manner as he may determine.

SECT. 4. Every appropriation, ordinance, order, resolution and vote of the city council, except votes relating to its own internal affairs, shall be presented to the mayor, who shall make or cause to be made a written record of the time and place of presentation, and it shall be in force if he approves the same within fifteen days after it shall have been presented to him, or if the same is not returned by him with his objections thereto in writing within said period of fifteen days. If within said period said appropriation, ordinance, order, resolution, or vote is returned by the

mayor to the city council by filing the same with the city clerk with his objections thereto the same shall be void. If the same involves the expenditure of money, the mayor may approve some of the items in whole or in part and disapprove other of the items in whole or in part; and such items or parts of items as he approves shall be in force, and such items or parts of items as he disapproves shall be void.

SECT. 5. Except as otherwise provided in this act, the organization, powers, and duties of the executive departments of the city shall remain as constituted at the time when this section takes effect; but the mayor and city council at any time may by ordinance reorganize, consolidate, or abolish departments in whole or in part; transfer the duties, powers, and appropriations of one department to another in whole or in part; and establish new departments; and may increase, reduce, establish or abolish salaries of heads of departments, or members of boards. Nothing in this act shall authorize the abolition or the taking away of any of the powers or duties as established by law of the assessing department, building department, board of appeal, children's institutions department, election department, fire department, Franklin Foundation, hospital department, library department, overseers of the poor, schoolhouse department, school committee, or any department in charge of an official or officials appointed by the governor, nor the abolition of the health department.

SECT. 6. No contract for lighting the public streets, parks, or alleys, or for the collection, removal, or disposal of refuse, extending over a period of more than one year from the date thereof, shall be valid without the approval of the mayor and the city council after a public hearing held by the city council, of which at least seven days' notice shall have been given in the City Record.

SECT. 7. The city council at any time may request from the mayor specific information on any municipal matter within its jurisdiction, and may request his presence to answer written questions relating thereto at a meeting to be held not earlier than one week from the date of the receipt of said questions, in which case the mayor shall personally, or through a head of a department or a member of a board, attend such meeting and publicly answer all such questions. The person so attending shall not be obliged to answer questions relating to any other matter. The mayor at any time may attend and address the city council in person or through the head of a department, or a member of a board, upon such subject as he may desire.

SECT. 8. Neither the city council, nor any member or committee, officer, or employee thereof shall, except as otherwise provided in this act, directly or indirectly on behalf of the city or of the county of Suffolk take part in the employment of labor, the making of contracts, the purchase of materials, supplies or real estate; nor in the construction, alteration, or repair of any public works, buildings, or other property; nor in the care, custody, and management of the same; nor in the

conduct of the executive or administrative business of the city or county; nor in the appointment or removal of any municipal or county employee; nor in the expenditure of public money except such as may be necessary for the contingent and incidental expenses of the city council. The provisions of this section shall not affect the powers or duties of the city council as the successor of the present board of aldermen relative to state or military aid and soldiers' relief.

It shall be unlawful for the mayor or for a member of the city council or for any officer or employee of the city or of the county of Suffolk or for a member of the finance commission directly or indirectly to make a contract with the city or with the county of Suffolk, or to receive any commission, discount, bonus, gift, contribution or reward from or any share in the profits of any person or corporation making or performing such contract, unless such mayor, member of the city council, officer, or employee or member of the finance commission immediately upon learning of the existence of such contract or that such contract is proposed, shall notify in writing the mayor, city council, and finance commission of such contract and of the nature of his interest in such contract and shall abstain from doing any official act on behalf of the city in reference thereto. In case of such interest on the part of an officer whose duty it is to make such contract on behalf of the city, the contract may be made by any other officer of the city duly authorized thereto by the mayor, or if the mayor has such interest by the city clerk: *provided, however,* that when a contractor with the city or county is a corporation or voluntary association, the ownership of less than five per cent of the stock or shares actually issued shall not be considered as being an interest in the contract within the meaning of this act, and such ownership shall not affect the validity of the contract, unless the owner of such stock or shares is also an officer or agent of the corporation or association, or solicits or takes part in the making of the contract.

A violation of any provision of this section shall render the contract in respect to which such violation occurs voidable at the option of the city or county. Any person violating the provisions of this section shall be punished by a fine of not more than one thousand dollars, or by imprisonment for not more than one year, or both. Chapter five hundred and twenty-two of the acts of the year nineteen hundred and eight is hereby repealed.

They shall be recognized experts in such work as may devolve upon the incumbents of said offices, or persons specially fitted by education, training or experience to perform

the same, and (except the election commissioners, who shall remain subject to the provisions of existing laws) shall be appointed without regard to party affiliation or to residence at the time of appointment except as hereinafter provided.

SECT. 10. In making such appointments the mayor shall sign a certificate in the following form:

I appoint (Name of Appointee) to the position of (Name of Office) and I certify that in my opinion he is a recognized expert in the work which will devolve upon him, and that I make the appointment solely in the interest of the city. Mayor.

Or in the following form, as the case may be:

CERTIFICATE OF APPOINTMENT.

I appoint (Name of Appointee) to the position of (Name of Office) and I certify that in my opinion he is a person specially fitted by education, training, or experience to perform the duties of said office, and that I make the appointment solely in the interest of the city. Mayor.

The certificate shall be filed with the city clerk, who shall thereupon forward a certified copy to the civil service commission. The commission shall immediately make a careful inquiry into the qualifications of the nominee under such rules as they may, with the consent of the governor and council, establish, and, if they conclude that he is a competent person with the requisite qualifications, they shall file with the city clerk a certificate signed by at least a majority of the commission that they have made a careful inquiry into the qualifications of the appointee, and that in their opinion he is a recognized expert, or that he is qualified by education, training or experience for said office, as the case may be, and that they approve the appointment. Upon the filing of this certificate the appointment shall become operative, subject however to all provisions of law or ordinance in regard to acceptance of office, oath of office, and the filing of bonds. If the commission does not within thirty days after the receipt of such notice file said certificate with the city clerk the appointment shall be void.

SECT. 11. The civil service commission is authorized to incur in carrying out the foregoing provisions such reasonable expense as may be approved by the governor and council; the same to be paid by the commonwealth, which upon demand shall be reimbursed by the city of Boston.

SECT. 12. A vacancy in any office to which the provisions of section nine of this act apply, shall be filled by the mayor under the provisions of said section and pending a permanent appointment he shall designate some other head of a department or member of a board to discharge the duties of the office temporarily.

SECT. 13. Members of boards shall be appointed for the terms established by law or by ordinance. Heads of departments shall be appointed

for terms of four years beginning with the first day of May of the year in which they are appointed and shall continue thereafter to hold office during the pleasure of the mayor.

SECT. 14. The mayor may remove any head of a department or member of a board (other than the election commissioners, who shall remain subject to the provisions of existing laws) by filing a written statement with the city clerk setting forth in detail the specific reasons for such removal, a copy of which shall be delivered or mailed to the person thus removed, who may make a reply in writing, which, if he desires, may be filed with the city clerk; but such reply shall not affect the action taken unless the mayor so determines. The provisions of this section shall not apply to the school committee or to any official by law appointed by the governor.

SECT. 15. The positions of assistants and secretary authorized by section twenty of chapter four hundred and forty-nine of the acts of the year eighteen hundred and ninety-five except those in the election department are hereby abolished, and except as aforesaid the said section is hereby repealed.

The civil service laws shall not apply to the appointment of the mayor's secretaries, nor of the stenographers, clerks, telephone operators and messengers connected with his office, and the mayor may remove such appointees without a hearing and without making a statement of the cause for their removal.

SECT. 16. No official of said city, except in case of extreme emergency involving the health or safety of the people or their property, shall expend intentionally in any fiscal year any sum in excess of the appropriations duly made in accordance with law, nor involve the city in any contract for the future payment of money in excess of such appropriation, except as provided in section six of this act. Any official who shall violate the provisions of this section shall be punished by imprisonment for not more than one year, or by a fine of not more than one thousand dollars, or both.

THE FINANCE COMMISSION.

SECT. 17. Within sixty days after the passage of this act the governor with the advice and consent of the council shall appoint a finance commission to consist of five persons, inhabitants of and qualified voters in the city of Boston, who shall have been such for at least three years prior to the date of their appointment, one for the term of five years, one for four years, one for three years, one for two years, and one for one year, and thereafter as the terms of office expire in each year one member for a term of five years. Vacancies in the commission shall be filled for the unexpired term by the governor with the advice and consent of the council. The members of said commission may be removed by the governor with the advice and consent of the council for such cause as he shall deem sufficient. The chairman shall be designated by the

governor. His annual salary shall be five thousand dollars, which shall be paid in monthly instalments by the city of Boston. The other members shall serve without pay.

SECT. 18. It shall be the duty of the finance commission from time to time to investigate any and all matters relating to appropriations, loans, expenditures, accounts, and methods of administration affecting the city of Boston or the county of Suffolk, or any department thereof, that may appear to the commission to require investigation, and to report thereon from time to time to the mayor, the city council, the governor, or the general court. The commission shall make an annual report in January of each year to the general court.

SECT. 19. Whenever any pay roll, bill, or other claim against the city is presented to the mayor, city auditor, or the city treasurer, he shall, if the same seems to him to be of doubtful validity, excessive in amount, or otherwise contrary to the city's interest, refer it to the finance commission, which shall immediately investigate the facts and report thereon; and pending said report payment shall be withheld.

SECT. 20. The said commission is authorized to employ such experts, counsel, and other assistants, and to incur such other expenses as it may deem necessary, and the same shall be paid by said city upon requisition by the commission, not exceeding in the aggregate in any year the sum of twenty-five thousand dollars, or such additional sums as may be appropriated for the purpose by the city council, and approved by the mayor. A sum sufficient to cover the salary of the chairman of the commission and the further sum of at least twenty-five thousand dollars to meet the expenses as aforesaid shall be appropriated each year by said city. The commission shall have the same right to incur expenses in anticipation of its appropriation as if it were a regular department of said city.

SECT. 21. For the purpose of enabling the said commission to perform the duties and carry out the objects herein contemplated, and to enable the mayor, the city council, the governor or the general court to receive the reports and findings of said commission as a basis for such laws, ordinances, or administrative orders as may be deemed meet, the commission shall have all the powers and duties enumerated in chapter five hundred and sixty-two of the acts of the year nineteen hundred and eight and therein conferred upon the commission designated in said act; but counsel for any witness at any public hearing may ask him any pertinent question and may offer pertinent evidence through other witnesses subject to cross-examination by the commission and its counsel.

THE CITY CLERK.

SECT. 22. The present city clerk shall hold office for the term for which he has been elected, and thereafter until his successor is chosen and qualified. In the year nineteen hundred and eleven, and every third year thereafter, a city clerk shall be elected by a majority of the members of

the city council, to hold office until the first Monday in February in the third year following his election, and thereafter until his successor has been duly chosen and qualified, unless sooner removed by due process of law. The city clerk shall act as clerk of the city council established by this act.

The City Auditor.

Sect. 23. All accounts rendered to or kept in the departments of the city of Boston or county of Suffolk shall be subject to the inspection and revision of the city auditor, and shall be rendered and kept in such form as he shall prescribe. The auditor may require any person presenting for settlement an account or claim against the city or county to make oath before him in such form as he may prescribe as to the accuracy of such account or claim. The wilful making of a false oath shall be perjury and punishable as such. The auditor may disallow and refuse to pay, in whole or in part, any claim on the ground that it is fraudulent or unlawful and in that case he shall file a written statement of his reasons for the refusal.

Sect. 24. Whenever, in response to an advertisement by any officer or board of the city or county, a bid for a contract to do work or furnish materials is sent or delivered to said officer or board, a duplicate of the same shall be furnished by the bidder to the auditor, to be kept by him and not opened until after the original bids are opened. After the original bids are opened, the auditor shall open and examine the bids submitted to him, and shall compare the same with the original bids. In case any of the bids submitted to the auditor differ from the corresponding original bids, those submitted to the auditor shall be treated as the original bids. The contract shall not be awarded until after both sets of bids are opened.

Sect. 25. The auditor shall furnish monthly to each head of department a statement of the unexpended balance of the appropriation for that department, and he shall furnish to the mayor and city council a statement of the unexpended balances of all the departments. He shall furnish quarterly to the city council an itemized statement showing the amount of money expended by the mayor and the city council for contingent expenses.

Miscellaneous Provisions.

No sinking fund shall be established for said loan. All bonds shall be offered for sale in such a manner that the effect of the premiums, if any, shall be to reduce the total amount of bonds issued. No city or county money shall be deposited in any bank or trust company of which any member of the board of sinking fund commissioners of said city is an officer, director, or agent.

SECT. 27. Every officer and board in charge of a department of the city of Boston or county of Suffolk shall on or before the fifth day of May in each year prepare and furnish to the city auditor a list of the officials and employees under said officer or board and paid by the city or county on the thirtieth day of April preceding. Such lists shall give the names, residence by street and ward, designation, compensation, and date of election or appointment of each of said officials and employees and the date when each first entered the employ of the city or county. It shall be the duty of the city auditor to verify said lists by the pay rolls; and when verified the said lists shall be printed by the superintendent of printing as a city document.

Such advertisement shall state the time and place for opening the proposals in answer to said advertisement, and shall reserve the right to the officer or board to reject any or all proposals. No authority to dispense with advertising shall be given by the mayor unless the said officer or board furnishes him with a signed statement which shall be published in the City Record giving in detail the reasons for not inviting bids by advertisement.

SECT. 31. At the request of any department, and with the approval of the mayor the board of street commissioners, in the name of the city, may take in fee for any municipal purpose any land within the limits of the city, not already appropriated to public use. Whenever the price proposed to be paid for a lot of land for any municipal purpose is more than twenty-five per cent higher than its average assessed valuation during the previous three years, said land shall not be taken by purchase but shall be taken by right of eminent domain and paid for in the manner provided for the taking of and the payment of damages for land for highways in said city. No land shall be taken until an appropriation by loan or otherwise for the general purpose for which land is needed shall have been made by the mayor and city council by a two thirds vote of all its members; or in case of land for school purposes by the school committee and schoolhouse department in accordance with law; nor shall a price be paid in excess of the appropriation, unless a larger sum is awarded by a court of competent jurisdiction. All proceedings in the taking of land shall be under the advice of the law department, and a record thereof shall be kept by said department.

The mayor then elected shall hold office for four years, subject to recall at the end of two years as provided in this section. If said question is not answered in the affirmative by the vote aforesaid no election for mayor shall be held and the mayor shall continue to hold office for his unexpired term. The member eldest in years shall preside until the president is chosen, and in case of the absence of the president, until a presiding officer is chosen.

Sect. 51. All elections by the city council under any provision of law shall be made by a viva voce vote, each member who is present answering to his name when it is called by the clerk or other proper officer, and stating the name of the person for whom he votes, or declining to vote as the case

The Trustees of the Public Library of the City of Boston, who are five in number, are appointed by the Mayor, one each year, for a term of five years. They were incorporated by an act of the General Court passed April 4, 1878, and are authorized to receive and hold real and personal estate which may be given, granted, bequeathed or devised to the said corporation, to an amount not exceeding $1,000,000. The first Trustees were appointed under an ordinance of October 14, 1852. The old Library Building on Boylston street was opened to the public in September, 1858, and closed finally in January, 1895. The new Library Building on Copley square was first opened on March 11, 1895. The Library is maintained by an annual appropriation voted out of the general funds of the City by the City Council. About $31,313 of this appropriation was used in 1909 for the purchase of books and periodicals. The Library also holds trust funds aggregating $430,724, the interest of which is devoted to the purchase of books.

The annual reports, the first of which appeared in 1852, have been continued without interruption.

Of the Quarterly Bulletins begun in 1867, fourteen volumes have been published. The series closed in 1896.

A Quarterly Bulletin of a new series is now issued, and a weekly list of new books added to the Library. The Trustees have issued also general and special catalogues of the Central Library, and of its branches and special collections, as well as hand-books for readers, and other documents.

LIBRARY SYSTEM.

The Library system consists of the Central Library in Copley square; eleven branch libraries with independent collections of books; seventeen

reading rooms, all of which contain deposits of books from the Central Library, reference books and periodicals. There were, on May 1, 1910, in the Central Library, Branch Libraries and reading rooms, including the evening and Sunday service, 460 employees.

Between the Central Library and these twenty-eight stations, by library wagons, there is a daily exchange of books and cards, whereby persons living in outlying districts can draw books from the Central Library without the necessity of coming in person.

The delivery or deposit of books is also undertaken in one hundred and twenty public and parochial schools, twenty-nine institutions and fifty-eight fire company houses.

Cards allowing the use of two books without restriction as to class, for two weeks, are issued to all residents of Boston with no further attendant delay than is involved in identification. No guaranty is asked, except in case of a sojourner. Such cards are also issued to non-resident pupils attending Boston schools who furnish guaranties. For reading and reference the Library is open to all without formality. Special cards for more extended privileges are issued to clergymen officiating in the City, and to teachers giving instruction in Boston institutions of learning; a special card is also issued in certain cases by the Trustees. On May 1, 1910, there were 85,874 card-holders having the right to draw books for home use. The total number of volumes was 969,939, and of different newspapers and periodicals currently received at the Central Library and branches about 2,158. Books issued in 1909, for home use and for use through schools and institutions, numbered 1,647,846; of reference use, on account of the freedom with which books may be consulted, no adequate statistics are kept.

The history of the Boston Water Works up to January 1, 1868, has been written by Nathaniel J. Bradlee; from 1868 to 1876, by Desmond FitzGerald; of the "Additional Supply from Sudbury River," by A. Fteley. In addition to the annual reports on the

Cochituate supply, from 1850, and of the Mystic supply, from 1866, there are numerous special reports. By Chapter 449, Acts of 1895, the Boston Water Board, the Water Income Department and the Water Registrar were abolished and the Water Department created, a single commissioner being entrusted with all the powers previously exercised by the Boston Water Board and the Boston Water Registrar.

By Chapter 488, Acts of 1895, the State provided for a metropolitan water supply, Boston being included among the municipalities thus to be supplied. A State Commission, the Metropolitan Water Board, in accordance with said act, took possession, in 1898, of all that part of the Boston water system lying westward of Chestnut Hill Reservoir, also the pumping station there, with adjacent lands. The sum paid to the City was $12,531,000. Payments to the State by the City for its supply of water have been regularly made since 1898. The supply and distributing mains now in charge of the Boston Water Department are 761 miles in extent, and the number of meters in use is nearly 12,000. The daily average amount of water used in 1909 was 89,593,100 gallons.

James E. Cole, *Commissioner of Wires*. Term ends in 1912. Salary, $5,000.

The office of Commissioner of Wires was established in 1894, in accordance with Chapter 454 of the Acts of that year.

The department has issued annual reports, beginning February 1, 1895.

Under the statute of 1894, it was made the duty of the Commissioner of Wires to have all unexempted electric wires, cables and conductors in the City north of Dover and Berkeley streets, and between the Charles river, the Harbor and Fort Point channel placed under ground, and to remove all unexempted poles and structures in the streets within the said district before January 1, 1900.

He was authorized to supervise and inspect both underground and overhead wires, cables and conductors; to regulate the direction of such wires, cables and conductors, and see that they were sufficiently insulated; to secure the removal of dead or abandoned wires, and the protection of all buildings by proper safety devices; to inspect all wires carrying electric light, heating or power current within buildings, and to see that all wires, posts, machinery and appliances are kept in good order and condition.

Chapter 249 of the Acts of 1898 provides that in each of the years 1900–1909, inclusive, the Commissioner of Wires shall prescribe the limits of a district within which, for not more than two miles of streets, avenues, or highways, certain wires, cables and conductors shall be removed or placed underground during the calendar year.

In accordance with Chapter 347 of the Acts of 1908, the Commissioner is authorized, in 1910, and in each year thereafter, to and including the year 1919, to prescribe not more than two miles of streets, etc., within which all wires, cables and conductors shall be put under ground. Under Section 3 of the same Act, the Commissioner is authorized to make such rules and regulations relating to the insulation of overhead and underground wires, cables and conductors and appliances as may be reasonably necessary for the purposes of safety.

The Commissioner is sole judge of what constitutes proper and safe insulation of electric conductors and appliances within buildings, and is authorized to make such rules and regulations as he may deem necessary to secure safe insulation.

According to Chapter 339, Acts of 1908, any person, firm or corporation failing to notify the Commissioner of the installing of wiring or apparatus for electric light, heat or power purposes shall be subject to a fine of not less than ten nor more than fifty dollars for each offence.

The Board consists of five members appointed by the Mayor in the following manner: One member from two candidates, one to be nominated by the Real Estate Exchange and Auction Board, and one by the Massachusetts Real Estate Exchange; one member from two candidates, one to be nominated by the Boston Society of Architects and one by the Boston Society of Civil Engineers; one member from two candidates, one to be nominated by the Master Builders' Association and one by the Contractors and Builders' Association; one member from two candidates to be nominated by the Building Trades Council of the Boston Central Labor Union; and one member selected by the Mayor. The term of office is five years. Each member is paid ten dollars per day for actual service, but not more than one thousand dollars in any one year.

Any applicant for a permit from the Building Commissioner whose application has been refused may appeal therefrom within ninety days, and a person who has been ordered by the Commissioner to incur any expense may, within ten days after receiving such order, appeal to the Board of Appeal by giving notice in writing to the Commissioner. All cases of appeal are referred to this Board, which may, after a hearing, direct the Commissioner to issue his permit under such conditions, if any, as the Board may require, or to withhold the same. Any citizen of Boston may obtain the opinion of the Board as to the true construction of the language under which a decision of the Commissioner has been rendered. Permits to restore damage by fire can only be issued with the approval of the Board.

The Board may vary the provisions of the statute of 1907 in specific cases which appear to them not to have been contemplated thereby, or

in cases where manifest injustice is done, but such decisions must be unanimous and not in conflict with the spirit of any provision of the statute.

Appeal may also be made to this Board from certain requirements of the Commissioner of Wires. (See Statutes 1907, Chap. 550, § 7.)

COMMISSIONERS.

GEORGE G. CROCKER, HORACE G. ALLEN. Appointed by the Governor.
GEORGE F. SWAIN, JOSIAH QUINCY, JAMES B. NOYES. Appointed by the Mayor. Salary, $5,000 each.

The Commissioners were originally appointed for the term of five years from the first of July, 1894. By Stat. 1899, Chap. 375, the term was extended to July 1, 1902. By Stat. 1902, Chap. 534, accepted by the voters of Boston at the Municipal Election of 1902, the term of the Commission was further extended to July 1, 1906. By Stat. 1906, Chap. 213, the term of the Commission was further extended to July 1, 1909, and by Stat. 1909, Chap. 455, to July 1, 1911.

The Commission had charge of the construction of the Tremont street subway (costing $4,368,000, including alterations), of the Charlestown bridge (costing $1,570,198), of the tunnel to East Boston (costing about $3,300,000), and the Washington street tunnel. This two-track tunnel, which is used for elevated railway trains exclusively, was opened for traffic on November 30, 1908. It is 1.16 miles long and cost about $8,500,000, of which the land damages amounted to $2,850,000.

By Chapter 573, Acts of 1907, the Commission is further charged with the construction of an east and west subway, called the Riverbank subway, mainly under the Charles river embankment. The work of construction on the latter will probably begin in the last quarter of 1910. The Commission began constructing in September, 1909, under the provisions of Chapter 520, Acts of 1906, a tunnel under Beacon Hill from the new Cambridge bridge to the Park street station of the Tremont street subway, as a connection with the Cambridge subway now being built by the Boston Elevated Railway.

cost of the bridge is apportioned among three parties. The Boston Elevated Railway Company pays such portion as shall be rendered necessary by reason of the bridge being of additional size and strength for the use of the elevated railroad, and shall construct or pay for constructing its railway, both elevated and surface, across the bridge. The balance of the cost is payable one-half by the City of Boston and one-half by the City of Cambridge. This bridge was opened to the public and placed in charge of the Boston and Cambridge Bridge Commissioners in December, 1907. The surface railway is now in operation, but the construction necessary for elevated railway service is not completed.

The members must be citizens of Boston who have resided in the City for at least two years preceding the date of their appointment. The two principal political parties must be represented and the term of the members is fixed at six years, after the first appointments, one member retiring every two years. The Board was created to exercise all the powers and perform all the duties conferred or imposed upon the Board of Police of the City of Boston by Sections 10 to 90 (both inclusive) of Chapter 100 of the Revised Laws and Amendments thereof, relative to intoxicating liquors; and by Chapter 102 of the Revised Laws and Amendments thereof, relative to innholders and common victuallers. Chapter 423, Acts of 1909, relates to licensing the sale of ice cream, fruit, soda water and confectionery on Sunday.

* The Managers serve without compensation.

The Franklin Foundation is incorporated under Chapter 569 of the Acts of 1908, and has sole charge of the Franklin Union, as well as the management of the Franklin Fund.

The Franklin Fund is the proceeds of a bequest of one thousand pounds to "the Inhabitants of the Town of Boston in Massachusetts" made by Benjamin Franklin, in a codicil to his will dated June 23, 1789. The codicil provided that the fund "if accepted by the inhabitants of the Town of Boston" be managed "under the direction of the Selectmen, united with the Minister of the oldest Episcopalian, Congregational, and Presbyterian Churches in that Town," who were to make loans on certain conditions to "young married artificers under the age of twenty-five years."

Dr. Franklin, who died April 17, 1790, calculated that, in one hundred years, the thousand pounds would grow to £131,000, "of which," he says, "I would have the managers then lay out at their discretion £100,000 in Public Works which may be judged of most general utility to the Inhabitants. The remaining £31,000, I would have continued to be let out on interest for another hundred years. At the end of this second term, if no unfortunate accident has prevented the operation, the sum will be £4,061,000, of which I leave £1,061,000 to the Town of Boston, and £3,000,000 to the disposition of the Government of the State, not presuming to carry my views farther." The Town accepted the donation at a Town Meeting held June 1, 1790.

A futile suit brought by the Franklin heirs in 1891 prevented the division of the fund at the expiration of one hundred years; but on January 17, 1894, by direction of the three Ministers and the Board of Aldermen of the City, which board claimed to be the successors of the "Selectmen," $329,300.48 ($\frac{100}{131}$ of the fund) was paid to the City Treasurer, for "the purchase of land and the erection thereon of the Franklin Trades School and for the equipment of the same." Owing to a series of complications the money has remained in the custody of the Treasurer. Mayor Collins, in 1902, caused a petition of the City to be filed in the Supreme Court, praying for instructions as to the authority of the persons then acting as Managers of the fund. The Court rendered an opinion November 25, 1903 (184 Mass. 373, page 43), to the effect that the three ministers were Managers of the fund under Franklin's will, but that the Aldermen did not succeed the "Selectmen" as Managers and had no powers with reference to it. The Court, under its general power to care for public charitable funds, appointed, on March 16, 1904, the above Managers to take the place of the "Selectmen," and provided in the decree of the Court that the Mayor of Boston should be one, *ex officio*. On October 20, 1904, the City Treasurer, *ex officio*, was appointed by the Board of Managers as treasurer of the fund.

On December 2, 1905, the City Treasurer received from Mr. Andrew Carnegie $408,396.48, said sum being the amount of the Franklin Fund, August, 1904, which Mr. Carnegie agreed to duplicate.

On January 31, 1906, the amount available for expenditure by the Managers was $426,824.78. The Franklin Fund which, with its accumulations, will become available in 1991, amounted, on January 31, 1910, to $192,689.84.

The Franklin Trades School, or Franklin Union as it is now called, occupies its new building at the corner of Appleton and Berkeley streets, which was opened in September, 1908. The building contains 24 classrooms and 6 draughting-rooms, and accommodates about 1,700 students. There is also a technical and scientific library, and a large hall with a seating capacity of 1,000 for lectures, concerts, discussions and similar purposes. The building with equipment cost about $366,000. The site was purchased in 1906 for $100,000.

MEDICAL EXAMINERS.

[R. L., Chap. 24.]

The City is divided into two districts by a line running from the Essex street bridge, through Brighton avenue, to Beacon street; thence through Beacon street to Park street; thence through Park, Tremont, Winter and Summer streets, to the water. [See Proceedings of the Board of Aldermen, September 5, 1881.]

The Board assumed office on July 23, 1885. By Chapter 291 of the Acts of 1906, the department was placed in charge of a single head, to be known as the Police Commissioner.

TERMS, HOLIDAYS AND VACATIONS OF DAY SCHOOLS.

The school year begins on the first day of September, and consists of two terms, viz.: The fall term, beginning on the second Wednesday in September and the spring term, beginning on the first Monday in February.

All day schools are in session from the second Wednesday in September up to and including the Wednesday of the second calendar week preceding the Fourth of July, except on Saturdays and Sundays and the following vacations and holidays; Columbus Day (October 12); from

12 o'clock noon on the day before Thanksgiving Day until the following Monday; from 12 o'clock noon on the second calendar day immediately preceding Christmas Day to and including the first day of the following January; the Twenty-second of February; Good Friday; the week beginning with the first Monday in April; the Nineteenth of April; Memorial Day and the Seventeenth of June. Whenever any of the aforesaid holidays, except the first day of January, falls upon Sunday, the schools are not in session on the following Monday. Graduating exercises are held during the second calendar week preceding the Fourth of July.

MEDICAL INSPECTORS AND NURSES.

Regular medical inspection of the schools has been maintained since 1894, and there are now eighty physicians in the service, under the supervision of the Health Department. For the list of the Medical Inspectors of Schools, see that department.

Chapter 357, Acts of 1907, provided for the appointment by the School Committee of one supervising female nurse and so many district female nurses as are deemed necessary. Their duties are to assist the medical inspectors in carrying out the latters' directions, and to give such instruction to the pupils as will promote their physical welfare. For the sixty-five elementary school districts there are now thirty-four nurses in the service, besides the supervising nurse.

MANUAL TRAINING ROOMS.

There are five manual training rooms located in high schools, one in each of the following-named districts: Brighton, Charlestown, Dorchester, East Boston and South Boston. In addition to these there are fifty-one wood-working rooms located in elementary schools, and three rooms, one in Jamaica Plain, one in Dorchester and another in the City Proper, have been equipped for industrial classes.

In the old East Boston High School Building, East Boston, two rooms have been equipped for occupancy by the Pre-Apprentice School in Printing and Bookbinding.

SCHOOL KITCHENS.

There are forty-four rooms fitted as kitchens and used for the purposes of instruction in cookery, of which three are in East Boston, two in Charlestown, ten in Boston proper, four in South Boston, six in Roxbury, ten in Dorchester, four in Jamaica Plain, two in Allston, one in Brighton, one in Roslindale, and one in West Roxbury.

EVENING SCHOOLS.

The term of the evening schools begins on the first Monday in October and continues for twenty-two school weeks. Sessions are suspended on the evenings of legal holidays, on the Friday following Thanksgiving, and from the second Friday preceding Christmas Day to and including

the first day of the following January; but when the first day of January falls later than Tuesday of any week, the sessions are suspended on the remaining days of that week.

There are five Evening High Schools, viz.: Central (English High School), Charlestown, East Boston, Roxbury and South Boston. These schools are held in the several high school-houses of the districts named.

There are fourteen elementary evening schools, held in the following-named school buildings:

EVENING INDUSTRIAL SCHOOLS.

The term of the evening industrial schools begins on the first Monday in October, and continues for twenty-two school weeks. The sessions are held on Monday, Wednesday and Friday evenings during the weeks that the other evening schools are in session.

An evening industrial school is conducted in the Mechanic Arts High School-house, at the corner of Belvidere and Dalton streets, and three branches are located as follows: In the Old High School-house, Meridian street, East Boston; in the Old Dearborn School-house, Dearborn place, Roxbury, and in the Public Latin School-house, Warren avenue.

PENSION FUNDS FOR TEACHERS.

As provided by Chapter 589, Acts of 1908, Chapter 537, Acts of 1909, and Chapter 617, Acts of 1910, a permanent fund has been established by the School Committee for the payment of pensions to retired teachers of the public day schools. The care of said fund is vested in a board of three trustees, who serve without compensation. A teacher who has reached the age of sixty-five years, or who has served in the public day schools for thirty years, twenty of these in the schools of Boston, is entitled to the full pension. Smaller pensions are paid in proportion to length of service. No prospective beneficiary has to contribute to the fund. Entirely separate from this is the Teachers' Retirement Fund, established by Chapter 237, Acts of 1900. On January 31, 1910, 2,374 teachers were contributing thereto at the rate of $18 per year, and 166 annuitants were each receiving $180 per year.

REGULATION OF THE HEIGHT OF BUILDINGS.

[Stat. 1904, Chap. 333; Stat. 1905, Chap. 383.]

By Stat. 1904, Chap. 333, the Legislature provided that the City of Boston should be divided into two districts, designated as Districts A and B, and that if not repugnant to some other statute, buildings could be erected in District A to a height of 125 feet, but that except as to certain projections above the roof, no buildings could be erected in District B to a height greater than 80 feet. A commission consisting of Nathan Matthews, Joseph A. Conry, and Henry Parkman was appointed by Mayor Collins, June 7, 1904, to determine the limits of these districts, and it made a preliminary order on July 5, 1904, which was revised December 3, 1904. Under Stat. 1905, Chap. 383, the Legislature made certain minor changes in the law, and also authorized the erection of buildings to a height not exceeding 100 feet in such parts of District B, and on such conditions, as a commission should determine. The same commission was reappointed under this act and made a preliminary order July 21, 1905, which was revised November 20, 1905. [See Document 133, 1905.]

District A includes the waterfront regions extending around East Boston, Charlestown, and the northerly and westerly sides of South Boston as far as East First and West First streets, Dorchester avenue, and Southampton street, a narrow strip extending through Wards 12 and 9 east of Albany street to Broadway, thence the boundary line extends northwesterly and westerly through Pleasant, Piedmont, and Ferdinand streets to Columbus avenue, thence across to the corner of Boylston and Arlington streets, along Boylston to Tremont, thence to Park, Beacon, Bowdoin, and Cambridge streets, thence through Cambridge, Staniford, Green, and Leverett streets to Charles River Dam. Of the City Proper, all of Ward 6, nearly all of Ward 7 and the northeastern half of Ward 8 are within District A.

District B comprises all other territory in the City. In this district buildings may in general be erected to a height of not more than 80 feet, but on streets exceeding 64 feet in width the height may be equal to one and a quarter times the width of the widest street upon which the building stands, said height to be measured from the mean grade of the curbs of all streets upon which the building is situated and not to exceed in any event 100 feet above such point of measurement. On all streets or portions of streets upon which buildings may be erected on one side only, the buildings may be erected to a height of 100 feet. No building may be erected to a height greater than 80 feet unless its width on each and every public street upon which it stands be at least one-half its height. Certain special exceptions to the general regulations affecting District B have been made as follows:

1. No building can be erected to a height greater than 70 feet, measured on its principal front, in the territory bounded by Beacon street, Joy street, Myrtle street, Hancock street and Hancock avenue.

2. So long as the property owned by the City of Boston on Dalton, Belvidere and Scotia streets shall be used for a Mechanic Arts High School any building or buildings thereon may be erected to a height of 100 feet.

3. Buildings may be erected to a height not exceeding 125 feet in that portion of District B which lies 50 feet westerly from the boundary line running from Columbus avenue to the centre of Boylston street separating District A from District B, provided that said portion of District B is owned by the same person or persons who own the adjoining premises in District A.

4. No building can be erected on a parkway, boulevard or public way on which a building line has been established by the Board of Park Commissioners or by the Board of Street Commissioners acting under any general or special statute, to a greater height than that allowed by the order of said Boards.

5. No building upon any land, any owner of which has received and retained compensation in damages for any limitation of height, or who retains any claim for such damages, can be erected to a height greater than that fixed by the limitation for which such damages were received or claimed.

BOUNDARIES

OF

WARDS AND PRECINCTS.

[25 WARDS — 205 PRECINCTS.]

WARDS.

New wards were established for the City in the year eighteen hundred and ninety-five, the first division into new wards since the year 1875.[1] An attempt was made by the City Council to make a new division of wards in the year 1885, and an ordinance to that effect was prepared by a special committee appointed for the purpose, passed by the City Council and approved by the Mayor.[2] Certain questions were raised, however, in the General Court of 1886, relative to establishing State, senatorial and representative districts, and as to whether such districts should be established according to the territorial boundaries of cities and towns and their wards as they existed on the first day of May, 1885, or whether new ward lines, as in the case of the City of Boston, should be followed. On May 21, 1886, the opinion of the Justices of the Supreme Judicial Court was asked by the Legislature on this matter, and they decided that the district divisions referred to must be made according to territorial and other boundaries existing on the first day of May, 1885, and that the new ward divisions were illegal.[3] On account of this opinion of the Justices of the Supreme Judicial Court, an act was passed by the Legislature in June, 1886,[4] which provided that the several wards, precincts, and assessment districts of the several cities of the Commonwealth, existing May 1, 1885, should be established as the wards, precincts, and assessment districts of said cities, any acts or ordinances of the city councils of said cities to the contrary notwithstanding. The new division of wards was thus set aside and the ward lines established in 1875 remained in effect until they were changed in 1895 and established under the provisions of Chapter 417 of the Acts of 1893, as below. According to this act, a city may be redivided into wards in every tenth year after 1895, but this is not mandatory. In 1905 a new division of the City was attempted by the City Council, but neither of the plans submitted was adopted.

* These figures are made up to cover the geographical area originally belonging to each subdivision, which had not been done in previous censuses. If the same territory be assigned to each division in 1900 as in 1895, the figures for 1900 would be South Boston, 70,161; Dorchester, 64,648; West Roxbury, 42,407, and Roxbury, 110,732, instead of those given in the table. From the fiscal year 1885–86 to the fiscal year 1899–1900, inclusive, the City could make annually appropriations, to be met by the general revenue of the City and by taxes, to the amount of the interest and sinking-fund requirements, to the amount of the County expenses up to $425,000 and to the further amount of $9 on each $1,000 of the average of the assessed valuations for the preceding five years, the valuation for each year being decreased by all abatements allowed to, and including, December 31, of the year preceding.

During the fiscal year 1900–01, the Legislature passed an act (Stat. 1900, Chap. 399) repealing the laws of 1885 and 1887 (Stat. 1885, Chap. 178, and Stat. 1887, Chap. 281), and authorizing the City Council to make appropriations annually to the amount of the interest and sinking-fund requirements, to the total amount of County expenses, and to the further amount of $10.50 on each $1,000 of the average of the assessors' valuations for the preceding three years, reduced by all abatements allowed to December 31 of the year preceding. As the law went into effect in June, 1900, it increased the amounts that could be appropriated for that year as follows: Taxes for County purposes from $425,000 to $1,002,500, or $577,500; taxes for general purposes from $9,063,156 to $10,912,823, or $1,849,667. Of the total increase, $2,427,167, the amount of $1,611,710 was appropriated by a supplementary appropriation bill. By Chap. 589, Acts of 1908, the City Council was authorized to increase the $10.50 per $1,000 tax rate for City purposes to $10.55. By Chap. 490, Acts of 1909, the rate was limited to $10.50.

* Does not include supplementary appropriations for 1910–11.

† The yearly totals under "Sinking Funds" and "Gross Debt, less Sinking Funds" do not agree with those shown in the Auditor's table of the Gross Funded and Net Debt (see Auditor's Report), because the amount still due for betterments, to go to the Sinking Funds, is not included here.

‡ Includes $120,000 in each of the two years 1907 and 1908, issued by Commonwealth, for Suffolk County Court-house enlargement.

Note.— The above Summary does not include Boston's share of the net Metropolitan District debt, which was as follows: February 1, 1910: Water debt $26,530,749.23; Park debt, $5,715,238.49; Sewer debt, $4,181,587.39; Total, $36,427,575.11.

** Includes Interest on Temporary Loans.

Note.— The receipts from work undertaken under the Acts authorizing loans for the "Laying-out and Construction of Highways," and for "Rapid Transit," are applied to the payment of interest on these loans respectively, and the balance, if any, paid to the Sinking Fund Commissioners. When such receipts are insufficient to meet these payments, the interest is met from receipts from sales of bonds. The following amounts have been paid for interest:

In making up the foregoing tables, these amounts have been included in the Summary Table (debt of all kinds), but omitted from the table showing the City Debt. This was done in order to show in the latter the "City Debt Requirements," that is, the amount of interest and sinking fund payments met from the tax levy. To obtain the total payments for interest the preceding amounts should be added in the respective years to the totals as shown in the table, City Debt. The assessments due for betterments, to go to the Sinking Fund Commissioners, are not included in these tables.

† On "Rapid Transit" loans only. Beginning with the fiscal year 1906–07, the interest on loans for "Making of Highways" does not appear in the preceding note but is included in the interest total shown in the City Debt Table, the amount being paid from the tax levy.
